MARINE CORPS MARATHON
OFFICIAL ANNUAL PUBLICATION
OCTOBER 2025

Celebrating 50 Years of Running with the Marines!

FOR OUR NATION
FOR US ALL

Marine Corps Installations National Capital Region-Marine Corps Base Quantico (MCINCR-MCBQ) organizes the Marine Corps Marathon (MCM) as its premier event in an annual series centered around the sport of running. These events highlight physical fitness, foster community goodwill, and promote the high standards and discipline of the United States Marine Corps.

Now in its 50th year, the MCM has earned a reputation not only for its impressive size—ranking among the largest marathons in the United States and the world—but also for its unique identity as "The People's Marathon." It remains the largest marathon that does not offer prize money, reinforcing its inclusive, community-focused ethos.

For the 50th running, a record-breaking 40,000 runners have registered, ensuring the largest field in the event's history. This milestone also makes the 2025 MCM the third-largest marathon in North America, surpassing the Boston Marathon in size for the first time. Participants range in age from 14 to 85 and represent all 50 U.S. states and over 60 countries.

The Marine Corps Marathon Organization, headquartered at Marine Corps Base Quantico, Virginia, is staffed by a team of 15 professionals. This dedicated group manages event operations, sponsorship, marketing, customer service, database administration, and logistics across the annual calendar of running events.

PRESS CREDENTIAL ACCESS

Approved media credentials provide access to the following areas during MCM Weekend:

Media Parking: Parking passes and maps for the designated media parking areas are available at the Media Center or by contacting the MCMO Marketing and Media Manager.

> **Important:** All media vehicles must be parked on Memorial Avenue prior to 3:00 a.m. on race day. Vehicles arriving after this time will be denied access by law enforcement.

MCM Media Platform: Credentialed photographers and videographers may access the following locations:

> **Main Media Platform:** Located on the Arlington Memorial Drive overpass above Route 110 in Arlington, VA. All media must request platform access in advance through the MCMO Marketing and Media Manager.
>
> **Finish Line:** Media with finish area access must remain behind designated barricades to avoid interfering with race participants. Violations —including interfering with runners, obstructuing the course, or creating distractions —will result in revocation of credentials and loss of future access privileges.

Post-Event Media Access: Top finishers and featured runners will be available for interviews at the Media Tent following their race. Additional access throughout the day can be arranged upon request.

Medical Aid Stations: Access to any course medical aid stations requires:

1. Prior approval from the MCMO Marketing and Sponsorship Manager.
2. Escort provided by event staff.

ARMED FORCES MARATHON CHAMPIONSHIP

In partnership with the Armed Forces Sports Council, the Marine Corps Marathon (MCM) annually hosts the Armed Forces Marathon Championship. Military runners from each branch of the United States Armed Forces travel from around the world to participate in this prestigious and spirited competition.

The Armed Forces Sports Program showcases the athleticism, commitment, and teamwork of military service members through participation in both national and international sporting events.

Team rankings in the Armed Forces Marathon Championship are determined using the cross-country displacement scoring method. For the men's division, scores are based on the combined finishing positions of the top four male runners from each team. For the women's division, the scores are based on the top two female finishers from each team.

Men's teams have competed in the championship since 1998. In 2005, women first participated alongside men in a combined competition. In 2006, separate women's teams were officially formed, creating the current competitive format.

CHALLENGE CUP COMPETITION

Each year, members of the Royal Navy and Royal Marines travel thousands of miles to compete against the U.S. Marine Corps All-Marine team in the prestigious Challenge Cup Competition.

The men's team title is awarded based on the combined finish times of the top three male runners from each team. The winning men's team receives the Challenge Cup trophy — a Victorian silver cup dating back to 1897, originally from the H.M.S. Victory.

The women's team title is determined by the combined finish times of the top two female runners from each team. The winning women's team is awarded the Women's Challenge Cup — a Royal Navy silver trophy originally presented in 1901 by B.H. Rose, Esq., as the Nore Command Athletics Wrens Inter-Unit Trophy.
